Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1878 Excerpt: .Yet, notwithstanding all this, as there is little probability of the acceptance by Congress or the merchants of the ad valorem principle in arranging a tariff on sugars, the necessity of devising some secure and equitable specific system of duties becomes therefore all the more imperative. With a view of meeting this necessity, various plans, as before stated, have of late been brought forward and advocated with more or less of earnestness by the several parties in interest; and of these the following are the most important: The Two-grade Specific System A return to the system incorporated into the tariff of 1861, in which but two grades of sugar were recognized, -- raw attd11 refined --with specific rates for each, has It is not to ba concealed, that the adoption of an ad valorem system of duties for sugar would not of itself free the determination...

Reviews

An exceptional publication as well as the font employed was exciting to see. it was actually writtern extremely flawlessly and helpful. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Dominic Collins**

This ebook could be worthy of a read through, and far better than other. I am quite late in start reading this one, but better then never. I realized this publication from my dad and i advised this publication to learn.
