Maine Stream Publishing, United States, 2010. Paperback. Book Condition: New. 211 x 140 mm. Language: English . Brand New Book. For thousands of years a prophecy has foretold the arrival of one who would bring the world of man into a lasting darkness. Akira (fallen angel) and self proclaimed goddess of Babylon is once again at large, on the dawn of the new millennium she along with two of the most powerful beings on the planet cut a swath of wanton destruction through the major cities of the world, as they wage their campaign against humanity. Treachery is everywhere, even within the very walls of the Vatican where a plot to assassinate the Pope has been conceived and is being carried out by agents who would see mankind fall. Presidents, Kings and religious leaders worldwide are also targeted; causing doubt and mistrust among nations to spread like wildfire. The old hard fought treaties that once kept the threat of nuclear war at bay are in danger of being severed. Armageddon seems eminent now more than ever. The world's only hope for salvation now lies in the hands of one man (John Graham) who has been granted the power to destroy Akira and put an end to her madness once and for all. However, no great deed can be done without an even greater sacrifice. The eradication of this fallen angel could mean the death of his daughter Jessie, whose body has been possessed by Akira's malevolent spirit. The battlefield has been set and the time for swift action is now at hand. Is the price of one life in an exchange for millions too high to be paid? Like before the agents of light and darkness have converged and the fate of mankind lay in the balance.
