Book ***** Print on Demand *****.Creation stories are the
foundation of human identity. Over the last century science
has discovered a dramatic new creation story, a universe that
began with a Big Bang and that has evolved into extraordinary
order, into galaxies, planets, life, and brains. This new creation
story gives human life many new meanings. Our bodies
embody all of cosmic evolution. In us the chaotic energies of
the Big Bang are now weaving cells; in us a spiral galaxy has
become spiral DNA; through us a blind universe can recognize
itself at last. With a deep sense of wonder, with the personal,
poetic style of literary nature writing, Starchild explores the Big
Bang cosmos, and the lives of the people who discovered it.
Starchild turns facts and abstract theories into something real,
personal, and powerful; it turns ideas into identity. When seen
in the context of an immense, evolving cosmos, life becomes a
rare gift. Starchild celebrates the universe's long journey into
life. I love your writing. How wonderful it is to have imagination
and to see into...
