Excerpt: .to Agaricus campestris and related forms) in the home is restricted by the fact that they must be consumed immediately--not being easily kept even for a day or two. It is well to err on the side of freshness and safety with all foods; but it should be pointed out that when mushrooms are properly gathered, and marketed in relatively small containers, fairly well aerated, they keep two or three days even in warm weather. In a cold dry place or open in a properly kept refrigerator they keep much longer. Under no circumstances should mushrooms be kept long in a tight box in warm weather, a precaution which clearly applies also to almost any fresh fruit or meat. Mushrooms grown in small quantity for home consumption may be gathered in a condition so neat and clean that cutting off the stem end is...
